ACCOMMODATION: Based on the RICS Code of Measuring Practice we calculate the approximate areas are as follows:

Total Gross Internal Area		1,000	92.90

AMENITIES:

- 2 WC's and kitchen areas.
- Electric heaters for hot water.
- Parking for around 100 vehicles.

(NOTE: The service installations are believed to be in operational condition but they have not been tested therefore no warranty can be made by the Vendor or their agents.)

PLANNING: The property is within the Green Belt, the Windlesham Neighbourhood Plan Area and the Church Rd Conservation Area. The current use is commercial car business, having formerly been a garage for many years so can be considered to be a Brownfield Site.

In 2010 a Certificate of Lawfulness of Existing Use was granted in respect of the land to the south east of the subject property which is currently used by the vendors. This allows the land behind Shanklin to be used for parking, storage and valeting of cars offered for sale at the subject property. The property could therefore be considered to be a Sui Generis use. With this form of specific commercial use on a Brownfield Site there is the possibility of seeking planning for Change of Use of the site or redevelopment to either Commercial or Residential Uses subject to planning consent. Please contact Surrey Heath Borough Council for full details of planning history and prospects for alternative uses for the property.
